timezline

TECHNICAL SPECIFICATION & ARCHITECTURE DOCUMENT

Version: 1.0.0
Target Platform: Web / Bespoke E-Commerce
Status: Developer Handoff

> **CORE BUSINESS MODEL LOGIC (CRITICAL REQUIREMENT)**
> All furniture and solutions are **100% made-to-order and custom-crafted** according to specific client requirements. There is zero ready-made stock. The website architecture must pivot away from standard e-commerce add-to-cart flows, focusing entirely on bespoke configuration, custom quotes, and direct consultation leads.

1. BRANDING & IDENTITY GUIDELINES

Typography & Styling

Primary Display Font: Cormorant Garamond

Must be utilized for brand titles, hero headings, major section headers, and navigation menus to maintain a luxury, architectural feel.

Body UI Font: Inter / System Sans-Serif

Client Contact Metadata

Client Name:	Muhammad Ibrahim Umer
Email:	timezline@gmail.com
Phone/WA:	+92 300 9263 594
Social/Web:	@timezline | www.timezline.com
Location:	Plot R425 Sector 15-B Bufferzone, Karachi

2. FUNCTIONAL & ARCHITECTURE REQUIREMENTS

Module	Core Functionality	Developer Implementation
Bespoke Quote Engine	Replaces standard "Add to Cart" button on product detail pages.	Implement "Request Custom Quote" modal capture with custom dimensions, finish selection, and auto-generated inquiry payload.
WhatsApp Lead Integration	Direct inquiry dispatch to client sales line (`+923009263 594`).	Pre-fill WhatsApp URL scheme with selected item code, URL, custom specs, and user contact details upon submission.
Dynamic Taxonomies	Support dual-axis navigation (e.g., Workstations by Design vs. Workstations by Layout).	Database indexing allowing products to belong to cross-cutting taxonomy sets (Style collection vs layout structure).
Banner System	Site-wide communication of bespoke manufacturing terms.	Top notification bar & product page badge: *"Made-to-order: Custom dimensions, materials & colors available."*

3. PRODUCT TAXONOMY ARCHITECTURE (PART 1: HOME & LIVING)

Developers must build category and sub-category routing matching the exact taxonomy structure detailed below.

Primary Category	Sub-Category	Item / Product Taxonomies
HOME	BEDS	Bed Sets, Bedside Tables, Dressing Tables, Wall Mirrors, Free-Standing Wardrobes, Clothes Stands
	LIVING	Sofa Sets, Sofa Beds, Sofa Chairs
	DINING	Dining Table Sets, Dining Chairs, Dining Trolleys, Bar Stools
	SEATING	Occasional Chairs, Ottomans, Stools & Benches
	KIDS	Kids Single Beds, Kids Bunk Beds, Kids Bedside Tables, Kids Wardrobes, Kids Study Tables, Chairs & Storage
	TABLES	Center Tables, Side & End Tables, Nested Tables
	STUDY	Study Tables & Chairs
	STORAGE	TV Units, Racks & Shelves
OFFICE *(Commercial & Corporate)*	OFFICE TABLES	Manager Tables, Executive Tables, Side Racks, Center Tables, Side Tables, Reception Counters, Meeting Tables
	OFFICE CHAIRS	Executive Chairs, Manager Chairs, Visitor Chairs, Tablet Arm Chairs, Cafeteria Chairs
	WORKSTATIONS *(By Design)*	Ozone 2.0, Ariel 2.0, Ariel, Lunar, Triton, Budget Pro, Orwell, Orbis
	WORKSTATIONS *(By Layout)*	Linear, Y (3 Persons), Grid (2 & 4 Persons)
	EXECUTIVE SEATS	Berlin, Antonin, Sidus, Traditional, Arc, Arc 2.0, Marcus, Conte, Callisto, Nexis, Omega
	CO-WORKING SPACE	Stools & Chairs, Meeting Pods
	STORAGE & ACCESSORIES	Credenzas, Drawer Pedestals, Filing Cabinets, Coat Hangers, Office Sofas

4. PRODUCT TAXONOMY ARCHITECTURE (PART 2: SPECIALIZED SYSTEMS)

Primary Category	Sub-Category / Division	Design Offerings & Hardware Specifications
KITCHEN	KITCHEN DESIGN	View All Designs (Custom Modular Kitchen Units)
	KITCHEN ACCESSORIES	Baskets & Rack Systems
DOORS	DOOR TYPES	Main Doors, Panel Doors, Glass Doors, Veneer Doors, Thermoset Doors, Painted Doors, Laminated Doors, Sliding Doors
WARDROBES	WARDROBE SYSTEMS	Built-in Wardrobes, 3 Door Free-Standing Wardrobes, 2 Door Free-Standing Wardrobes, Sliding Free-Standing Wardrobes
	SECURITY INTEGRATION	Yale Safes (Built-in Vault / Safe Accessories)
FLOORING	FLOORING CATALOG	View All Designs (Hardwood, Engineered Wood, Laminates)

5. TECHNICAL IMPLEMENTATION DIRECTIVES FOR DEVELOPERS

Frontend UX Directives

- Inject bespoke notice badge on every single PDP layout.
- Build high-resolution image gallery support for bespoke material swatches (wood veneers, laminates, fabrics).
- Include dynamic dimensions visualizer widget where possible.

Backend & Data Model

- Taxonomy model must support multi-attribute filtering (Design Collection + Seating Capacity + Layout).
- Lead collection table stored in CMS with automatic email/WhatsApp dispatch.
- SEO schema optimization for localized bespoke furniture crafting in Karachi, Pakistan.
